I normally don't write reviews but Lisa definitely deserves a raving one: she's a total life saver! Wedding planning could be scary and hectic, especially if you are on a budget. I initially contacted Lisa for consultation (FREE!) and was seriously impressed by her deep industry knowledge and connections, as well as her attention to details. She is so sweet, kind and also such a go getter.

I hired Lisa to be our day-of coordinator (DOC) and all I did was to share a list of items I needed to get done on our wedding day and went over the list with her over the phone. We did not get to meet up beforehand, nor we needed to! On the big day, Lisa showed up early, organized everything perfectly, checked off all the items on my list, even handled quite a few crisis on my behalf!

She functioned much more than a DOC and exceeded my expectations. Our wedding couldn't be more perfect, thanks to Lisa and her superb coordinations amongst various of vendors. I recommend hiring Lisa and her service for your wedding planning and coordination.
